Valerie,

Attached is a draft agenda for our meeting next week. Would you please forward it to Jim McKenna, Bob Wyatt, Rick Appelgate and Lisa Saban. We are developing an updated ecological risk assessment decision matrix that reflects general agreement on the lines of evidence and provides an example or two of a weighting approach that could be applied to the lines of evidence. We plan on sending out the matrix by noon on Monday and would like to send out a final agenda at that time. It is short notice, but if we could get any comments on the agenda from you folks by 11:00 on Monday that would be great. Thanks.

John
